

2nd Swiss Translational Medicine Conference

**BRINGING
INNOVATION
TO THE PATIENT**

Thursday,
October 24, 2024
sitem-insel

Program

Opening session

09:00 a.m. Welcome

09:10 a.m. **Keynote: What Can Be Improved in the Translational Process in Healthcare Systems. Insights from NHS England**

Dame Sue Hill | Chief Scientific Officer (CSO) for England, DBE FMedSci FRSB FRCP (Hon) FRCPath (Hon) FHCS (Hon)

10:00 a.m. Coffee Break

Translational Projects in Pathology, Engineering and Nursing Sciences for the Benefit of Patients

10:30 a.m. **Moving Insights gained in Mechanobiology towards the Clinic**

Viola Vogel | Department of Health Sciences and Technology, ETH Zurich

11:00 a.m. **Computational Pathology - Methodological Advances and Future Perspectives**

Viktor Kölzer, Professor of Experimental Pathology, Head Computational and Translational Pathology Group, University of Basel

11:30 a.m. **The Symptom Navi Story: Nursing Meets Entrepreneurship**

Ursula Gehbauer Tichler | Managing Director, Symptom Navi Programm

Manuela Eicher | Institute of Higher Education and Research in Health Care, Faculty of Biology and Medicine, University of Lausanne

12:00 p.m. Lunch

Translational Journeys in the Hospital Setting

01:30 p.m. **Targeting CD70: Example of bench2patient Development in Bern**

Adrian Ochsenbein | Director and Chief Physician, Medical Oncology, Inselspital Bern

02:00 p.m. **Where Physics Crosses Patient Care: Translational Research in Radiation Oncology**

Daniel Aebbersold | Director and Chief Physician, Radio-Oncology, Inselspital Bern

02:30 p.m. **From Clinical Need to the Research Question and Back**

Alessandra Curioni-Fontecedro | Chief Physician Oncology, Fribourg Hospital

03:00 p.m. Coffee Break

Science and Industry Interactions in the UK Innovation System

03:30 p.m. **Reverse Translation from Clinical Trials: Accelerating The Personalization of Cancer Care**

Christopher Williams, MBChB PhD MRCP | Division of Pathology and Data Analytics, University of Leeds

04:00 p.m. **From Bench to Bedside and Back: How Understanding Patient Response Can Enhance Therapeutic Benefit**

Koustubh Ranade | Senior VP and Head of Translational Medicine, Immunocore Ltd.

04:30 p.m. **Applying Innovation in the South London Healthcare System**

Rishi Das-Gupta, MBBS MA MBA | Chief Executive, Health Innovation Network (South London), UK

05:00 p.m. **Wrap-Up**

Jörg Goldhahn | Department of Health Sciences and Technology, ETH Zurich

05:15 p.m. **Closure and Farewell**

Simon Rothen | CEO, sitem-insel

Reception
